UNITE TO INCREASE IPM ADOPTION

State pesticide/IPM programs
Master Gardeners
Communication of IPM impacts
Minimize reliance on pesticide use

MINIMIZE RISK

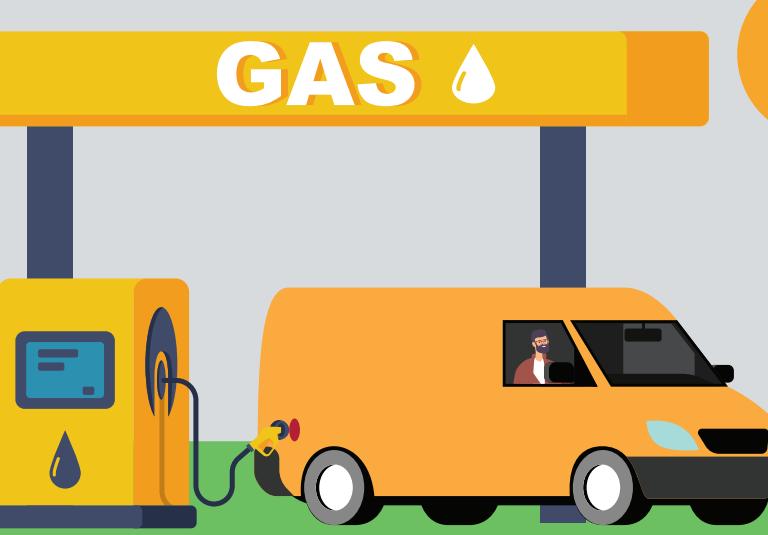

REDUCE PESTICIDE RESISTANCE

REDUCE PEST DAMAGE

GOAL

Support from universities, USDA, and lead agencies for IPM and Pesticide Safety Education programs

Lack of IPM brand

GAS

Asthma or allergies

Effective control tactics

Alternative product cost

State pesticide safety education programs

Water quality

Risk to pollinators/other beneficials

Communication with stakeholders

Cultural practice cost

Alternative product availability

You

State IPM programs

"We've always done it this way"
